Civilian life in the Scottish Borders

SUPPORT FOR VETERANS AND THEIR FAMILIES IN THE SCOTTISH BORDERS
“I am delighted to endorse this guide for veterans produced by Scottish Borders Council. As part of my role as Scottish Veterans’ Commissioner I am always seeking opportunities to promote veterans and their families as assets to a community and ensure they have sufficient information to make informed choices about their future when they leave the services. Scottish Borders Council and their partners are ahead of the curve – they are already well aware of the benefits ex-service personnel and their families can bring to the area and I have seen at first hand the excellent support they provide. I am sure this guide will help to reinforce the Borders as a destination of choice for service leavers.”

Eric Fraser
I am delighted to present this revised version of the ‘The Civilian Life in the Scottish Borders’ guide. The previous guide was well received and needed to be updated to reflect new services and changes to services.

Given the contribution Armed Forces Veterans have given to the country, they and their families have the right to access high quality healthcare, housing, education, transport services, and support and access to employment opportunities. This guide will assist them in doing this.

I know at first hand the needs of veterans and importance of signposting to the right service. The guide has been designed to provide useful and practical information on a range of topics that will help veterans to settle, feel supported and play an active part in community life in the Scottish Borders.

In the preparation of the guide information has been provided by a range of organisations including Veterans Scotland, Scottish Borders Council, NHS Borders, Registered Social Landlords, Police Scotland, the Scottish Fire and Rescue Service, Borders College, and the Voluntary Sector. I would like to thank them all for their contribution.

SECTION A
HOUSING

SPECIFIC SUPPORT AVAILABLE FOR VETERANS AND THEIR FAMILIES

Many service personnel can face difficulty in finding a home on discharge. You may not have enough money for a mortgage, require special adaptations or have no connection to the area where you would like to live.

The Scottish Government’s leaflet ‘A Scottish Housing Guide for people leaving the Armed Forces and ex-serving personnel’ has useful guidance on housing options in Scotland, answering some of the questions you may have and offers information on support and advice available. You can download a copy of this at www.gov.scot/Resource/0041/00418039.pdf

Your options depend on where you want to live, your needs and your situation. These options could include renting a property privately or through a Council housing association (sometimes known as a Registered Social Landlord) or an ex-service personnel charity, or buying a property.

HOUSING FOR SCOTTISH VETERANS
Housing and accommodation for Veterans and their dependants in Scotland is provided by a number of independent charitable organisations. All of these organisations are members of Veterans Scotland and they work together to provide the best possible service to Veterans and their dependants.

THE SCOTTISH VETERANS GARDEN CITY ASSOCIATION
The Scottish Veterans’ Garden City Association (SVGCA) has 35 properties for rent in the Scottish Borders. SVGCA is a Scottish-based Charity providing rented housing for permanently disabled ex-servicemen and women, Merchant Navy, Police and Fire Service personnel throughout Scotland - and have been doing so for more than 95 years. Scottish Borders Housing Association (SBHA) currently manages 27 of these properties located in Hawick, Newtown St Boswells,
Walkerburn, Innerleithen and Peebles. The others are managed by Berwickshire Housing Association.

Housing Application Process
If you think you might be eligible and are interested in housing with SVGCA or any of the other housing charities, please visit www.veteransscotland.org.uk and complete the central housing register on-line application form. Alternatively you can call Veterans Scotland direct on 0131 550 1595.

LOW COST INITIATIVE FOR FIRST TIME BUYERS (LIFT)
LIFT is a Scottish Government initiative to help households get onto the housing ladder and aims to help first-time buyers, such as people living in social housing; people in the Armed Forces or veterans; widows, widowers
and other partners of service personnel, and people living in private rented housing or with relatives.

LIFT initiatives include:

- **New Supply Shared Equity** - to allow first time buyers to buy a new build property from a housing association.

- **Open Market Shared Equity** - to allow first time buyers to buy a property on the open market.

Further information on the above initiatives is available from Scottish Borders Council and Registered Social Landlords (local Housing Associations). Contact details are listed further on in this section.

For veterans who have been seriously injured, Registered Social Landlords can offer additional flexibility to make it easier for people to purchase a bigger property than they would normally be entitled to, or by reducing the minimum stake they need to purchase, ensuring that an individual property meets your requirements.

**DISABLED ADAPTATION WORKS**

Following assessment and recommendation by a local social worker or NHS occupational therapist a request can be made for Disabled Adaptation works with grant funding assistance. This applies to private owners and private tenants where the applicant will qualify for a minimum 80% grant or may qualify for a grant of between 80% and 100%, depending on an income assessment.

Tenants of Registered Social Landlords who require works need to be assessed by a social worker or an NHS occupational therapist. These works are arranged by the landlord and funded through Government grants.

Both the above services are conditional on funding availability and priority placed by your occupational therapist following assessment.

For more information on Disability Adaptations call:

- **The Social Work Duty Hub**

You can also find accommodation through local estate agents and solicitors who publish the free Border Solicitors Property Guide, available from solicitors’ offices and branches of most banks. Details are also available on the website [www.bspc.co.uk](http://www.bspc.co.uk).

In 2015 you should be paying the following for a property or room (this is a guide only):

**Property type/size**

- **1 bedroom flat**
  - £250 - £400 per month*
- **2/3 bedroom flat**
  - £295 - £600 per month*
- **2/3 bedroom townhouse**
  - £375 - £625 per month*
- **3/4 bedroom detached house**
  - £550 - £950 per month*

*Rents will vary according to location and facilities in the property, such as central heating, double glazing, extra bathrooms and garden.

All private landlords must be registered with Scottish Borders Council. For your own protection, you should not rent property from a private landlord who is not registered. Call the Housing Strategy Team at Scottish Borders Council on 01835 825169 to find out if a landlord is registered.

For more information on your rights, your lease/tenancy agreement or your landlord’s responsibilities you can:

- call Shelter on Freephone 0808 800 4444, (9am - 5pm), Monday to Friday.

REGISTERED SOCIAL LANDLORDS (also known as Housing Associations)

Social rented accommodation provides affordable homes for people in housing need and Housing Associations are the main providers of affordable social housing for people in the Scottish Borders. Each Housing Association allocates their homes according to their rules set out in their Allocations Policy and decide who gets housed.
based on the priority awarded to applicants from the information they provide on their application form. Your priority will be based on your housing need and situation. Generally, the higher your priority, the more likely you are to be offered a home, but this also depends on the needs of other people on the housing list and the size and type of houses that become available.

For a full list of housing providers in the Scottish Borders, visit www.scotborders.gov.uk/directory/27/registered_landlords_and_housing_associations. Several of the housing providers on this site specialise in providing accommodation for older people and those with special needs or disabilities.

The four main housing associations with homes in the Scottish Borders are:

**Berwickshire Housing Association**  
Tel: 01361 884 000

**Eildon Housing Association Ltd**  
Tel: 0845 604 3733

**Scottish Borders Housing Association Ltd**  
Tel: 01750 724444

**Waverley Housing**  
Tel: 01450 364200

These Housing Associations award priority for housing to serving personnel and their families planning on leaving the armed forces or those who have recently left and wish to return to the Scottish Borders to live, subject to specific criteria being met.

Some Housing Associations in the Scottish Borders also provide mid-market rental homes which are aimed at helping households on modest incomes to rent accommodation at an affordable level. As well as lower rents than the private rental market, mid-market rent offers tenants assurance that they will be getting a good quality home with a landlord who offers high standards of service.

To apply for a Housing Association home you should contact your preferred housing provider for information and advice about their application process.

**BORDER CHOICE HOMES - HOMEHUNT™**  
Berwickshire Housing Association, Eildon Housing Association and Waverley Housing, along with Cairn Housing Association (a national housing provider) advertise their vacant properties through Borders Choice Homes.

DEPOSIT GUARANTEE SCHEME
The Deposit Guarantee Scheme (DGS) helps people who are homeless or who are at risk of becoming homeless to secure private rented sector housing. You need to meet certain criteria. Information is provided by Scottish Borders Council’s Homelessness Services Team (contact details provided in the previous section).

Some tenants who want to rent privately cannot afford to pay the deposit required by landlords. Under the Deposit Guarantee Scheme, Scottish Borders Council provides a guarantee that the deposit will be paid if any damage is done to the property while the tenant is living there.

Additional benefits for landlords include help with drawing up tenancy agreements and making inventories and inspection checklists for properties, as well as information and advice on good practice.

Who is eligible?
The prospective tenant must be homeless or at risk of becoming homeless and be able to provide evidence of the following:
• a low income
• eligible for housing benefit
• unable to raise the full rent deposit by own means
• have difficulty in accessing social housing.

Prospective tenants will not be eligible if they have:
• rent arrears on previous tenancies
• been served with an Antisocial Behaviour Order
• other reasons that may jeopardise access to a tenancy.

HEALTHCARE

MEDICAL
The route into all medical care in the NHS is via a General Practitioner (GP.) All veterans and families should register with a local GP Practice once you arrive in the area. If you are on leave or a temporary resident, treatment can be sought as a ‘temporary resident’. Please note: A GP is like your Resident Medical officer (RMO) – if you do not register with one you will not gain access to the healthcare you need.

Apart from emergencies, GP Practices do not operate a ‘walk-in’ service and may have different consulting hours, so you should call or go to the reception to register and get information on making an appointment. When registering, inform the receptionist that you are a member or ex-member of the Armed Forces or a Forces dependant. It is in your interests to declare it.

GPs operate from Health Centres and GP Surgeries in most of the Border towns and villages. Each GP Practice covers a defined area so that patient needs can be met appropriately. The Practice you approach will advise you if you fall within their area or will need to register with a neighbouring Practice.

SECTION D
EDUCATION, SKILLS AND TRAINING

SCHOOL EDUCATION
All children in Scotland attend school from the age of four or five until they are ages 16, 17 or 18. If they attend a state school, their education is free during that time. If your children are of school age, you must register them in a school in the ‘catchment area’ you live in. Scottish Borders Council’s Education service will tell you your nearest catchment school.

For further advice visit www.scotborders.gov.uk/info/827/education_and_learning or call 01835 825090. All schools are open to both boys and girls.

The school year begins in August. Children in the Scottish Borders can attend one of 64 primary schools from ages four or five to 12 and one of nine secondary schools from age 12 to 16, 17 or 18. There are also four primary schools linked to the Roman Catholic Church – in Selkirk, Hawick, Galashiels and Peebles.

If you live more than two miles from a primary school or three miles from a secondary school, transport to and from school is usually free of charge. Support can be provided if your child needs help with learning English or with behavioural, emotional or physical needs.

EARLY LEARNING AND CHILDCARE
Early Learning and Childcare is the new name for what was pre-school education. Early Learning and Childcare is available in the Scottish Borders for all 3 and 4 year olds and for 2 year olds who meet the eligibility criteria.

2-4 year olds are entitled to 600 hours of free Early Learning and Childcare in a setting of their parent’s choice.

These hours can be taken as a number of sessions in morning and afternoon slots in schools. In Private and Voluntary providers
there is more flexibility where parents can often choose times that suit their needs.

Early Learning and Childcare is delivered through a number of different places.
• School provision as part of the local primary school.
• Play groups – usually run by parents through a committee.
• Private Nursery – run by a private or voluntary agency.

For further information and a full list of providers is available on the Family Information Service
www.scottishfamilies.gov.uk

SPECIFIC SUPPORT AVAILABLE FOR VETERANS AND THEIR FAMILIES

EDUCATION SCHOLARSHIP SCHEME FOR BEREAVED SERVICE CHILDREN
The Education Scholarship Scheme was launched on 8 April 2011 and provides further education and university scholarships within the UK for the children of Servicemen and women who died whilst serving in the HM Armed Forces since 1990.

FURTHER EDUCATION
The scheme will provide a scholarship to enable a bereaved child to stay in further education (5th year in Scotland/college/training course etc). This will normally be paid for 2 years but may be extended to 3 years if required by the syllabus. It will not be extended in order to repeat part of a syllabus or retake exams.
UNIVERSITY
The scheme will provide a contribution towards the cost of a first undergraduate degree for both tuition and maintenance fees. Since tuition fees vary across the UK according to place of domicile and place of study, this scholarship is adjusted to provide a similar level of support to all applicants across the UK. It will not be extended in order to repeat part of a syllabus or retake exams.

For further information, please visit www.gov.uk/government/publication

ENHANCED LEARNING CREDITS (ELC)
The MOD’s Enhanced Learning Credits Scheme is an initiative to promote lifelong learning amongst members of the Armed Forces and is available to ex-service personnel who have completed at least 4 years service on discharge, on or after 2010. The ELC scheme provides financial support in the form of a single up-front payment in each of a maximum of three separate financial years. Funding is available both in service and 10 years after leaving the Armed Forces.

ELC awards are available in two tiers:
• the lower tier level of up to £1000 per annum for those with four or more years eligible service.
• the upper tier level of up to £2000 per annum for those with eight or more years’ eligible service.

Providing you meet all the criteria, personnel can make ELC claims up to three separate financial years (which need not be consecutive and may be a combination of lower tier and upper tier funds) either while in service or for up to ten years after leaving.

ELC support may be claimed for part-time or full-time study, whether by individual or group tuition or distance learning. Learners must have enrolled to undertake a higher level qualification. The course of study must be a nationally recognised qualification at Level 6 or above on the Scottish Credit and Qualifications Framework (SCQF).

Details of the ELC scheme can be found in the Course 4 Forces magazine as well as visiting www.enhancedlearningcredits.com/

We are Veterans. We recognise that for many Veterans and their families, aspects of life after leaving the Services can be challenging. So we have set up this website which we believe will put in one place most of the resources you might need; http://www.veterans-assist.org/
